Some highlights from the
Parade of Ponds

I have dedicated my life to learning about the design and construction of outdoor environments. I have a degree in Landscape Architecture from Penn State. I continually attend classes in my field. I love my job. I love making beautiful gardens, escapes from the cruel world. I love making people happy. Most importantly, I want to make you happy. I want you to know peace and tranquility. I want you to enjoy a private oasis patio, a cozy fireplace, comfortable and beautiful outdoor furniture, falling water and playing fish, exotic flowers surrounded by lush plantings. I want you to experience serenity in your own backyard paradise.
